

**Sermon Discussion Questions – August 25, 2024**  
**Galatians 1:11-2:15**

- What were your takeaways from today's sermon passage and sermon?
- What sort of performance-based barriers do you think that our church community may be putting up to people who want to enter in and be a part of CGS?
- Today's sermon said, "Legalism means living out of a system of rules that tells you what you're supposed to do but does not give you the power to do it, and the lie of legalism is that it promises to fix what is broken inside us, but it can't." In what ways have you wrestled with the lie of legalism in your life?
- How can our group be a place where we invite outsiders more deeply into gracious relationships with one another? What would we have to be doing differently for us to be reaching out with the gospel of grace?
