Sermon Discussion Questions: 2 Samuel 5

What did you takeaway from today's sermon and/or sermon passage?

Where are you finding signs of God's Kingdom in your life? Where are you wanting more of the markers of his Kingdom?

In God's world, all power is derivative and ultimately accountable to him. We see this with David being a king is exalted for the sake of God's people, Israel.

What are the spheres of life in which you have power (work, family, relationships, etc.), and how can you use your power as a servant in those areas?

Where do you feel worldly powers trying to take the place of Christ's rule in your life?

How can we help one another to fight against those powers in order to serve Christ together?
