**Sermon Discussion Questions: 2 Samuel 6:12-23**

What is something that resonated with or impacted you from this passage or the sermon? What questions arose?

What are some ways that God's presence with you (and among us at CGS, among us in this community group) has brought blessings to you and others recently?

What's your honest reaction to David's dancing before the Lord with all his might? Why?

What are things that either fuel or block your rejoicing in God's presence with you?

In what situations do you find yourself despising others? What causes this?

How do you respond and deal with being despised by others?

How can Jesus and his work for you transform bitterness into rejoicing in your life?

How can we help each other move from bitterness to rejoicing?
