The Unstoppable Kingdom

Sermon Series: Learning the Way of Jesus

Passage: Mark 4:26-29

1. Do you typically find it easy or hard to see and trust that God is at work in your life? If it is difficult for you, what makes it that way?
2. In what ways do you experience the message, either internally or externally, that your future can and should be in your hands? How does that impact you?
3. What rhythms or practices do you have in your life to help you remember God's faithfulness to you? What are some ideas you have for building those "memorials" to his work?
4. As an encouragement to one another, reflect together on how you have seen God at work in this past week or two. How have you seen his work in one another? Remember, it is good to train our eyes to see God's faithfulness even in the most mundane things of life.
5. What are some seeds you can scatter in faith (e.g., pursuing a neighbor or co-worker, having a difficult conversation that you need to have, facing a difficult reality in your own life) in the coming weeks, trusting that God is at work?
